**THE RIGHT FUTURE FOR THE BARRACKS**

MP, Steve Brine and all your local Conservative Councillors, want the best for Flowerdown when the Sir John Moore Barracks closes in 2021. With growing pressure to build even more homes across the country, the right decisions need to be made to meet local needs as well as those nationally.

Caroline Horrill, Leader of Winchester City Council, said, "We want an attractive mixed development of high quality employment sites, like a Knowledge Park, good housing and great community facilities, so our Local Plan, which will start to be reviewed later this year, needs to respond to the many calls from local people for this type of development in this sensitive gap. You can expect Conservatives to protect and enhance this important area through the Local Plan."

Councillors Caroline Horrill and Stephen Godfrey and local campaigner Patrick Cunningham want to shape the future of the Barracks area

**HOUSING TO MEET LOCAL NEEDS**

Our villages are popular places to live, so the demand for homes is high. Local people cannot easily find somewhere to live that they can afford. Conservative-led Winchester City Council is working closely with Parish Councils to find sites for new homes that local people can afford – either to rent or to buy. We are building 17 homes in Sutton Scotney today, with more sites identified and many more still needed.

Councillor Caroline Horrill, leading on Housing, said, "Providing affordable homes for people who want to live here will make sure Winchester keeps thriving."

**KEEP ANDOVER ROAD OPEN  
CONSERVATIVES BACK CALL FOR COMMON SENSE**

Hundreds of local residents have called on the Highways Authority to re-think proposals to close Andover Road, diverting the traffic through the new Kings Barton estate, where 2,000 homes are being built. The closure will force all the traffic from the main arterial road through the middle of the densely populated estate. In response to ideas on how to improve movement around Winchester, residents in villages to the North of the City, including South Wonston, Littleton, Sutton Scotney and Sparsholt, have sent a clear message to transport planners: "Keep Andover Road Open."

The call is fully backed by Conservative Councillors, including your Ward Councillors, Caroline Horrill and Stephen Godfrey, as well as local County Councillor, Jan Warwick. Stephen said, "We will make sure that residents' views on this are heard, but we need you all to take every opportunity to push home what a crazy idea it would be to close Andover Road. It will make the new estate more dangerous, force vehicles down unsuitable roads and discourage many from the City altogether." Proposals from the Movement Study will come out later this year.

Councillors Stephen Godfrey and Caroline Horrill with local campaigner Patrick Cunningham at one end of the new route off Andover Road

**NEW CROSSING FOR A30**

Conservative-led Hampshire County Council is to put in a new crossing point over the busy A30 road in Sutton Scotney to make it safer and easier for residents to cross to and from the new Post Office facility in the Texaco garage. There are plans to also include some improvements to the drains under the road to reduce the risk of flooding. The work should be finished in the next few weeks.

**BETTER COMMUTER PARKING IN SIGHT**

With more travellers using Micheldever Station after the arrival of a new train operator, the need for improvements to parking around the station has become more pressing. A new round of discussions, led by MP, Steve Brine, have brought South Western Railways and Network Rail together with local stakeholders. They are working towards various solutions that will suit commuters and residents alike. Prospects for change are good.

Councillor Stephen Godfrey and local campaigner Patrick Cunningham are calling for more commuter parking away from nearby homes

**NEWS IN BRIEF.....**

- **Proposals for reducing congestion at the M3 Junction 9 roundabout at Winnall have now been made public. Have your say at [www.highways.gov.uk/m3j9](http://www.highways.gov.uk/m3j9)**
- **Winchester City Council prosecuted 12 fly-tippers last year. If you see any rubbish dumped locally, report it to [www.winchester.gov.uk/report](http://www.winchester.gov.uk/report)**
- **Winchester City Council gave £24,000 to Hampshire Air Ambulance from proceeds of our clothing recycling containers. Please consider using the blue bins to recycle your unwanted clothing and textiles.**
